

**High Compliment.**

Mr. J. D. Wakefield, in Sunday's Enquirer, paid the following high compliment to our fellow townsman:

Robert H. Winn, of Mt. Sterling, the chairman of the Republican State Central Committee, spent a day or so this week at Republican State headquarters at Louisville. Judge H. Clay Howard, of Paris, is the Chairman of the Republican State Campaign Committee, but as Chairman of the State Central body Mr. Winn makes an occasional trip to Louisville to see how everything is progressing at the permanent State headquarters. He was in conference for several hours with Alvis S. Bennett, who is the Secretary of both the State Central and the State Campaign Committees. Mr. Winn, being a good Republican, is always optimistic over the prospects of his party to win. The Republican State Chairman, by the way, has reflected considerable credit on his party in this State. Mr. Winn is not only a lawyer of conspicuous ability, but he possesses an exceedingly attractive personality. He is popular throughout Central Kentucky, and is highly regarded by Republican leaders from every section of the State.

**The Engagement of Miss****Helen O'Rear is Announced**

At a dinner party given at the beautiful suburban home of Judge and Mrs. E. C. O'Rear, near Frankfort recently, the wedding of their charming daughter, Helen, to Ensign Richard Caswell Sautley, of the U. S. navy, was announced, the wedding to take place in the early spring.

Miss O'Rear is a beautiful girl and has many relatives and friends in this city, her old home, who will rejoice with her in her happiness.

**Mr. Chenault Dearing to Wed**

The engagement of Miss Margaret Swearingen Cud, of Louisville, to Mr. Anderson Chenault Dearing, of the same city, has been announced, the wedding to take place Wednesday, Nov. 16th. Mr. Dearing is the son of Judge W. G. Dearing, of Louisville. He has many relatives and friends in this county who will be interested in his approaching wedding.

**Protracted Meeting.**

Rev. E. E. Dawson will begin a protracted meeting at Kiddville Schoolhouse Thursday night. Everybody invited.

**TALK SIX.**

There are lots of men so busy that even when they sit down to their meals the newspaper is spread out before them. You'd fancy that a man so tremendously busy as that would never think of insuring his life.

That's the very man who holds a policy! More than that—He holds the Best Policy that can be had! Now he isn't too busy to read. He may be too busy to do much talking. But he isn't too busy to think! No thinking man is without insurance on his life, and the more of a thinker he is the more particular he has been that the policy is one which will never obligate him to devote any more attention to its merits or demerits.

Life insurance is one of the principal THINGS of the day. And you'll admit that men were never such astute business men as now, never wanted so much for their money, never ferreted into things as deeply as they do now. All the minutes they have left—once the insurance question is settled—they employ in living. They leave the insurance without-outflow to catch up what time they have lost which their heirs will need the worth of. "That's the kind of insurance Hoffman talks about."

H. G. HOFFMAN, General Agent.  
Mt. Sterling, Kentucky

**Child Seriously Injured.**

Little Ollie Caywood, eighteen-months-old, daughter of Mr. and Mrs. Gano Caywood, of this county, was playing on a table last Wednesday, when she suddenly fell to the floor. Her head struck heavily and a nerve in the back of her head was effected, causing the sight of the left eye to be destroyed. The little one was hurriedly picked up and brought to this city, where an examination of her injuries was made. Dr. Reynolds, the eye specialist, after the examination, announced the eye permanently injured and the sight forever gone, but said that he did not think it would effect the child's appearance.

**Heavy Cattle Sold.**

Mr. Norris, cattle buyer, was here last week, and made many purchases, among them 350 head of James M. Bigstaff, average weight, 1,500 pounds, at 6 cents; 150 of J. T. Highland, average weight, 1,400 pounds, at 6 cents; and 60 of Henry C. Hall, average weight, 1,450 pounds, at 6 cents. These cattle were bought for the Baltimore market, as were all the cattle Norris purchased. Mr. W. B. Greene purchased of Ben F. Mark 40 cattle, average 1,400 pounds, at the prevailing prices. There is yet about 1,000 cattle for the export market unsold in the county.

**Big Strike On.**

More than 10,000 express employees are now on strike in New York and vicinity. There was much disorder Monday and policemen guarded 315 wagons. The strikers will protest to Mayor Gaynor against the police guard and it is said that the local unions have arranged a meeting for today to discuss the advisability of calling a general strike of "everybody on wheels in the city" affiliated with the unions, excepting railroads.

**Byrd By 1,000 or More.**

The editor of this paper had a talk with a gentleman the other day, who is known as a non-partisan, and he said there could be no question about the election of Mr. Byrd. He thinks, indeed he says, he believes that Mr. Byrd will beat Mr. Langley at least 1,000 votes. He says the people are simply wild for Mr. Byrd.—Hazel Green Herald.

**Pass Pharmacist Examination.**

At a recent meeting of the Kentucky Board of Pharmacy held in Winchester, A. Tabb Bassett and Gilbert Satterwhite passed the Assistant Pharmacists examination. This is quite a compliment to both young men and we are glad to note the progress they are making in their chosen profession.

**Announcement of Interest.**

Mr. and Mrs. J. W. Riley, of Morehead, announce the engagement of their daughter, Miss Myrtle Thomas, to Mr. C. Julian Stafford, of Mt. Sterling, Ky. The wedding to take place the 24th day of November, 1910.

Miss Riley is the beautiful and talented daughter of County Judge J. W. Riley, of Morehead.

Mr. Stafford is one of the proprietors of the Blue Grass Oil Painting and Frame Co., of this city. He has been a resident of our city only a few months but has made many warm friends during his short stay here, who will read with much interest the announcement of his approaching wedding.

The wedding will take place in Morehead and will be a church affair.

**Wholesale Grocery For Winchester.**

Thursday, articles of incorporation were filed for a wholesale grocery. The capital stock is \$25,000, divided into shares of \$100 each. The principle stock holders are P. Y. Drake, of Winchester, W. L. Cotton, of Cottenburg, S. N. Welch, of Irvine, J. W. Bales, Jr., of Berea, and C. C. Beckner, of Bryansville. The object of the firm is to supply the grocery stores in the mountain east and south of Winchester.

**Beauty Parlor.**

Hair dressing, facial massage, shampooing, scalp massage, hair making, manicuring and renovating. For a short time only I will give 3 manicures for \$1.00.

**Underwear, Punch & Graves.****Foot Ball.**

In a game without excitement Kentucky Wesleyan easily defeated the Mt. Sterling Collegiate Institute Monday afternoon on the former's grounds by the overwhelming score of 45 to 0.

The Mt. Sterling boys were simply outclassed, their opponents outweighing them about 30 pounds to the man. The three Greene boys played the best game for the local school.

**The Fair.****Delightful German.**

The German given Monday night at McKee's Hall by the Assembly Cottillon Club was one of the most enjoyable affairs of the fall season.

The figures were gracefully led by Mr. and Mrs. John Barnes. The hall was artistically decorated in Halloween drapery and indeed furnished a scene of striking beauty.

**Boys Fine Team.**

G. C. Anderson, the up-to-date liverman, has just purchased from I. F. Tabb his fancy team of brown horses for \$500. This team, which is considered one of the best hearse and carriage teams in the city, when added to Mr. Anderson's other stock will make his stable one of the best equipped in this section of the State.

**New Grocery.**

W. H. Wilkerson has opened a grocery store on the corner of Bank and Locust streets and invites all of his friends to do business with him, assuring them good goods and fair treatment.

Bring your eggs and get 25 per dozen in trade. Flour is down. Come and "save the difference" at the Spot Cash Grocery.

**Luncheon-Euchre.**

On last Wednesday at the Owings home on the Owingsville pike, Mrs. J. L. White and Mrs. Rezin Owings, entertained in honor of Mrs. Jack Owings with a delightful luncheon-euchre, the hours being from 12 till 3. There was a large crowd present and all pronounced it one of the swellest affairs of the season.

During the enjoyable hours an elegant course lunch was served. The punch bowl, which was in the hall, was presided over by Misses Laura Williams and Gladys Samuels. The following out-of-town guests were present:

Mrs. Elva Catlett and R. C. Catlett, of Owingsville; Mrs. Jesse Turner, of Paris; Mrs. Clark Bascom, of Millersburg; Mrs. Henry M. Bosworth, of Lexington; and Miss Nelson, of Fort Scott, Kansas.

**Workman Painfully Injured at Star Planing Mill.**

Lloyd Willoughby, while at work last Friday at the Star Planing Mill, got his left hand caught in the machinery in some manner and it was badly mangled and mangled before he could be released. Dr. W. T. Sinrall was promptly called and removed the middle finger. The injury was quite a painful one, but it is thought the balance of his hand will be saved.

**Importance of the Study of Forestry.**

The State Federation of Women's Clubs has interesting outlines for courses of study in forestry for use in schools or Women's Clubs.

The importance of the study of forestry is well illustrated in the Proclamation by President Roosevelt (while in office) to the school children of the United States.

"Arbor Day" (which means simply "Today") is now observed in every State in our Union and mainly in the schools.

It is well that you should celebrate your "Arbor Day" thought fully for in your lifetime the Nation's need of trees will become serious.

If you neglect to prepare yourselves now for the duties and responsibilities which fall upon you later, if you do not learn the things you will need to know when your school days are over, you will suffer the consequences. So any nation which in its youth lives only for the day, reaps without sowing, and consumes without husbanding must expect the penalty of the prodigal whose labor could with difficulty find him the bare means of life.

A true forest is not merely a storehouse full of wood, and at the same time a reservoir of water. When you help to preserve our forest or plant new ones you are acting the part of good citizens. The value of forestry deserves, therefore, to be taught in the schools, which aim to make good citizens of you. If your Arbor Day exercises help you to realize what benefits each one of you receive from the forests and how by your assistance these benefits may continue, they will serve a good end.

**Store Robbed**

The store of J. W. Thompson on Locust street was broken into and a large amount of meat, lard and provisions taken from it last Friday night by an unknown party or parties. The authorities are at work on the case, however, and believe they have the right man spotted. Entrance was obtained by breaking the lock on the front door.

**SHARPSBURG ITEMS.**

Mrs. A. L. Tipton, of Mt. Sterling, spent Friday with Mrs. Emma Elgin.

Mrs. Fannie Sharp and daughter, Miss Mary Belle, visited relatives at Mt. Sterling Wednesday.

Miss Mary Wright returned Wednesday from the hospital at Lexington, where an operation was performed to remove a broken needle from her ankle. She is now improving and will soon be all right again.

A. G. Ratliff and family have moved to Mt. Sterling to reside. We regret to lose these excellent people from our community and hope that they will in the future again be among our citizens.

Mrs. Roger Quisenberry, Mrs. William Ragan and baby, of Stephens, this county, were thrown out of a buggy while driving to town. The horse became frightened and ran away, upsetting the buggy. Mrs. Quisenberry was seriously hurt and is in a critical condition. The other occupants were slightly injured. The buggy was demolished.

you do not have to work close to the stove, which is usually far from the window. You can work where you wish, and be warm. You can work on cold winter days in the full light near the window, without being chilled to the bone.

The Perfection Oil Heater quickly gives heat, and with one filling of the indicator always shows the amount of oil in the font. The filler-cap, put in like a cork in a bottle, is attached by a chain. This heater has a cool handle and a damper top.

The Perfection Oil Heater has an automatic-locking flame spreader, which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back, so the wick can be quickly cleaned. The burner body or gallery cannot become wedged and can be unscrewed in an instant for reworking. The Perfection Oil Heater is finished in Japan or nickel, is strong, durable, well-made, built for service, and yet light and ornamental.

Foraker Declines to Modify Speeches.  
Declining to accede to an alleged request of the Republican State Executive Committee to "modify" his speeches, former Senator Joseph B. Foraker has withdrawn from participation in the Ohio State campaign and has canceled all his speaking engagements.

The Senator, in an address last week, made plain his opposition to the "new nationalism" described by Theodore Roosevelt, describing it as "treason." This brought on heated replies from the stump, and the controversy had taken first place in the State campaign so far as newspaper attention was concerned.

In a telephone message to Chair-man Charles Craig, of the Erie county central committee, Mr. Foraker announced that the State committee had requested him to modify his speeches, that he would make them as he chose, or not speak at all, and that, therefore, he would cancel his speaking dates.

Prominent Kentuckian Dead.  
Dr. William Turner, for years prominent in the councils of the R-publican party in Kentucky, and delegate to several national con-ventions, dropped dead while ac-ting as a judge in one of the rings at the county fair at Bowling Green. Dr. Turner was postmaster of Bowling Green. He was a cousin of United States Senator W. O. Bradley.

## CATARRH SUFFERERS

Good Thing to know How to Get Instant Relief.

If you now own a Hyomei hard rubber inhaler W. S. Lloyd wants you to know that he will sell you a bottle of HYOMEI for only 50 cents.

Remember this, all who suffer with catarrh—a bottle of HY-OMEI (pronounce it High-o-me) is put up in a separate package and sold for 50 cents to accommodate the vast army of people who al-ready own a Hyomei inhaler.

He will sell it to you at that price and give you the opportunity to begin at once to rid your-self of vile catarrh and the snuif-ing hawking and spitting that go with it.

Many people through years of neglect have let catarrh get a strong hold upon them. Some of these people unreasonably think that one bottle of HYOMEI ought to cure them.

They do not stop to think that a diseased condition that is the result of negligence, cannot be over-come in a week.

No matter how chronic your catarrh troubles, HYOMEI is guaranteed by W. S. Lloyd to cure them if you give it half a chance. Just breathe it, that's all, and its healing, soothing, antiseptic prop-erties will make you feel better in a day.

If you own an inhaler get a 50 cent bottle of HYOMEI at W. S. Lloyd's today. If you do not own a Hyomei inhaler, ask for a com-plete outfit, which consists of an inhaler, a bottle of HYOMEI and simple instructions for use. This complete outfit costs \$1.00, but you need have an inhaler that will last a lifetime. 17-19.

Tuberculosis Fatal in Bath.  
Mrs. Motie Richards Weaver, aged 50 years, died at the home of her sister, Mrs. J. T. Havens, in the eastern part of Bath county, after a lingering illness of tubercu-losis. She was the daughter of Dr. Eddie Richards and wife, Mary Kimbrough, of Bath county. Besides her sister, with whom she lived, she is survived by the fol-lowing brothers and sisters: Mrs. A. N. Denton, of Flemingsburg; Misses Esie and Ruth, and Messrs. Harvey, Richard and John K., of Bath county.

## ORDERS

Montgomery County Court, September Term, September 28, 1910--Pres. Hon. G. A. McCormick, County Judge.

On September 1, 1910, J. W. Cockrell and more than twenty other citizens and legal voters of the Camargo voting precinct of this county filed in the County Court of Montgomery county a petition asking the submission of the question whether cattle or any species thereof shall be permitted to run at large in said voting district, and the Court being advised, it is now ordered that the officers of election in said Camargo voting precinct open a poll at the next regular election held in said precinct for the purpose of ascertaining the will of the voters in said precinct upon the question "Are you in favor of making it unlawful for cattle or any species thereof to run at large on the public highways and uninclosed lands of Camargo precinct?"

A Copy, Attest:

A. A. HAZELHUGH,  
Clerk Montgomery Co. Court.

Women Church Warden.

The recent appointment of a woman church warden at Walsgram-on-Sowe, in Warwickshire, England, has brought to light the fact that no fewer than eight other women are exercising the same function in different parishes in England. There is, too, a woman sexton in a small parish in Lincolnshire. The office is hereditary, and has been held by the same family for 200 years.

# High Cost of Living

There is no subject that comes home to all of us more than this. Poverty destroys a man's courage and weakens his national inclination to look you in the eye and tell you the truth. Money is the counter in this game of life, and while we do not love money for its own sake, we realize that it is only money that can ward off want, wretchedness, perhaps starvation, when earning power is gone

Don't fail to go to the polls Tuesday, November 8th, 1910, and vote the straight Democratic Ticket by stamping the cross (X) in the Circle under the Rooster in the First Column as above indicated.

### DEMOCRATIC TICKET

FOR CONGRESS  
A. FLOYD BYRD  
Of Clark County

### ANNOUNCEMENT

We are authorized to announce  
KELLAR GREENE

as a candidate for County Court Clerk of Montgomery county, subject to the action of the Democratic party.

### OUR GREAT RESPONSIBILITY

On next Tuesday will be chosen our Representatives in Congress, and upon the voters of this Nation rests that great responsibility. We are optimistic enough to believe they fully realize and are equal to the emergency. From every quarter comes the glad news of Democratic victories and Democratic gains, and a Democratic House of Representatives is almost a certainty. That responsibility rests no greater on the voters of Jos. G. Cannon's district, than upon the voters of our own, wherein lives his faithful servant and obedient supporter, Mr. J. W. Langley. Every voter must view with shame the humiliating comparison in this month's Everybody's Magazine. Under the head "The following Congressman voted for the PEOPLE" The name of our Congressman is missing, but in the column "System Republicans who supported Cannonism and the roll-call found on the side of PRIVILEGE" the names of Kentucky's three Republican Congressmen: Edwards, Bennett and Langley appeared.

HON. A. FLOYD BYRD.

As a worthy successor to Mr. Langley, who has been tried and found unfaithful to the people's trust, the Democratic Party presents an honest, incorruptible and capable man, Hon. A. Floyd Byrd. Every honest man in this District should remember that in times when it took men of courage, capacity and honor to stand upon the side of right, he was found ever ready to do his full duty as a public official.

Voters of the Tenth Congressional District, we urge you to judge the future by the past. Be no longer deceived by false promises, but send to Washington as your Representative a man to represent you, not privilege, and this you can accomplish only by voting the STRAIGHT DEMOCRATIC TICKET.

Indications are that after November 8th New York will be a part of Dixey land.

### AN AWKWARD EVASION.

H. B. Bryson, Chairman of the Finance Bureau of the Republican Campaign Committee, has been busily engaged for some weeks soliciting campaign contributions from post office officials, revenue men, etc. It is against the law for a Federal Official to do this. Mr. Bryson being Postmaster at Carlisle, Ky., resigned on September 13, and his wife was appointed "Acting Postmaster." After the election, Mr. Bryson will be re-appointed. Did you ever see anything more flimsy?

If anyone doubts that it "pays to advertise," he has but to consult Dr. or Mrs. J. C. Wallace, of Cleveland, Ohio. They were married recently, and as a joke an advertisement was placed in the papers of Wheeling, W. Va., in the physician's name, "Cats wanted at McLeure Hotel, for dissecting purposes." When the happy couple arrived, it took a dozen police to keep the mob of over three hundred people with cuts in baskets and sacks out of the hotel.

We congratulate Senator J. W. Newman, Secretary Kentucky State Fair, upon his selection by the U. S. Government to superintend the establishment of grounds and buildings for the National Fair to be held in Porto Rico, beginning March 1 next.

### DEMOCRATIC NOMINEE FOR CLERK.

No one having entered the race for the Democratic nomination for County Court Clerk against Mr. Keller Greene he will be declared the Nominee, and his name certified as such as required by law.

Have you found your gate yet?

### Why Not.

With Powers running for Congress, Howard running for Governor, and Taylor running for his life, why not pardon poor old Youtsey and let him run for Jackson Times.

### Ruberoid Roofing.

In order to introduce the Ruberoid Roofing, I have a grade that I will sell at 80c per square and on up to \$3. The latter I guarantee for ten years. If you will write me I will send you samples.

## Do You Gamble?

Some people do by spending their time and labor and money by housing a crop of hay, oats and other farm produce, and keeping thousands of dollars invested in live stock housed in barns, and gamble with themselves that it will not burn. DO YOU?

Other people place their savings in a home and handsome furniture and then gamble on their luck that it will not burn. DO YOU?

Still others invest thousands in factories, mills, warehouses and other things subject to fire, and think they can, by careful watching, prevent a fire. DO YOU?

To all persons gambling with themselves against loss by fire, wind or tornado, we would suggest you give the matter careful consideration. Can you afford to take chances of losing part or all of your accumulations for a lifetime by gambling on your luck? We think not. See us before it is too late, and do not gamble with yourself.

## AMERICAN WOMEN ON TOUR

They invade Europe in Large Bands Almost Frightening Foreigners Into Fits.

American women go on trips not only alone, or in small companies, but in large bands. During the last few years large assemblages of unmarried women, grotesquely denominated Kentucky belles, or Jersey beauties, or Kansas peaches, have traversed Europe in a constant hum of newspaper notoriety. Sometimes a voting contest under journalistic auspices has chosen them as the most popular young ladies of their town or state. Sometimes the enthusiastic suffrage of male admirers displayed through coupons purchased with cigarettes or breakfast foods has picked them.

They hurry through Europe, seeing London in three days and Paris in two, while anxious readers at home are, by the cable, kept in daily touch with their impressions. On the continent especially the ardent and tumultuous youth of the Latin races gather, almost in mobs, at the stations to welcome—and inspect—the examples of the famous American girl. Judgment is oftenest favorable, but there was once a horrid scene at an Italian station where a number of singularly plain "peaches" were actually hissed by a mob of fustian and disappointed young gentlemen.

So fantastic do such episodes seem to the foreign mind that legends about them grow apace abroad. For example, one friend of the author's—in whom he hastens to say he puts no trust whatever—maintains that on the Lake of Como he saw a band of 200 American widows traveling together in crepe veils!—Bellocator.

### TOO BAD

Kind Old Man—Can't you afford to wear better clothes than those? Beggar (forgetting himself)—Sure! These here is just my professional duds.

### SAFETY IN AERIAL TRAVEL.

Eventually, I believe, travel will be as safe in the air as with the auto on land. We are gaining greater control over the air craft every day. Air travel will be extremely popular, too, for you will never be troubled with bad roads and you will be in no danger of collisions. I believe that the aeroplane will reach the practical stage before long. With a perfect motor to develop greater horsepower, the length of the flight will only be limited by the lifting power of the machine, and the larger the aerial surface resisted the greater will be the lifting power. It is only a question of time before the perfect aeroplane motor will be found.—Columbian Magazine.

### GIVING BOILED WATER SPARKLE.

Many times, especially at this time of year, the physician feels compelled to order that the drinking water in the house be boiled before using, since it is unsafe to use it otherwise; but boiled water seems so flat and tasteless that people are apt to dislike it exceedingly.

If such water, after it is boiled, is cooled in a refrigerator and then shaken up in a bottle half filled, it will be aerated, or filled with air and will have the fine, fresh, sparkling appearance of water newly drawn from the well.

### OH, BOTHER THE PARENTS!

**VALUE OF FAMOUS BOOKS**

Many Publishers Refused "Robinson Crusoe" and Other Noted Works Sold for Small Sums.

The manuscript of "Robinson Crusoe" was offered to nearly all the publishers before one could be found bold enough to print it. It was at last disposed of, and the purchaser realized a thousand pounds by it. "Rejected Addresses," the celebrated work of Horace and James Smith was handled in a like manner completely round the trade before a publisher could be found. At length it was given to the public, and immediately obtained a popularity which still endures. A large sum of money was cleared by it. Bushan's "Domestic Medicine" and Burns' "Justice" were both sold for a small sum; "The Vicar of Wakefield," the charming production of Oliver Goldsmith, was sold for a few pounds; and Miss Burney's "Evelina" produced only five guineas. Doctor Johnson named as the price of his "Lives of the Poets" 200 guineas; and it is said that the booksellers cleared upward of \$125,000 by it. Johnson rode in his carriage with the profits of the "Paradise Lost" of Milton.

**ONE EFFECT OF WIDOWHOOD**

Bereaved Woman Seemed to Have Taken a New Lease on Life, Said Friends.

They were sitting sipping their coffee and looking across the room at a very stylish woman who had just come in with some friends.

"I never saw anything like that," said she. "Isn't it wonderful, the effect a man's death has on his widow? Wonderful! Last year I called on her and I thought I never saw a woman who had aged so. She isn't forty yet, but she looked sixty that day. Hair done up just any old way, shirtwaist wrinkled, shoes down at the heel. You know, all that sort of thing. Now look at her. Isn't she all right? Hair done by the hairdresser, gloves perfect. See her hands now she is taking the gloves off? I'll be willing to let her spend some time these days with the manicurist. Before, never. She's taken a new lease on life since her husband died. Sometimes," she finished with a sigh, "I think it's a pity more husbands don't die, so their wives can take a new lease on life."

**CUPBOARD ON WHEELS.**

Some southern country people who have the usual summer kitchen, a detached building, have a most ingenious device for bringing dinner to the main building, so that it can be placed properly on the table and served by the servant that cooks it. If the others are away, it is a wheeled cupboard with shelves and doors, built of very light wood, and mounted on the track of an old express wagon which is formerly assigned to one of the children. A board walk between the kitchen and house is uncovered, the usefulness of this contrivance on a rainy day is great, and it is an idea that owners of boarding houses with detached kitchens might adopt with advantage.

**JUST STOOD FAT.**

Talk about being between two fires, a Camden man was proved by his wife the other night, who said she thought a burglar was in the house, and wanted papa to go downstairs and chase him. Papa promptly declined.

"What's the matter?" scornfully asked wife, "are you afraid?"

"No," replied the old man, replacing his head upon the pillow. "But while I'm downstairs chasing the burglar you'll be going through my clothes, so it's about six of one and half a dozen in the other."—St. Paul Dispatch.

**MUSIC AND FIRES.**

**The House of a Thousand Candles**

Theater-goers who like novelty and who are keeping abreast of the times will take more than the ordinary amount of interest in the coming presentation of "The House of a Thousand Candles" that is announced for Friday evening, Nov. 4, at The Tabb Opera House. It is one of the great successes of the past two seasons, and will be presented by a company that has been selected with special care and that is said to be fully capable of presenting the weird and unusual happenings of the story in a particularly fascinating manner. The odd character of the drama can be partially judged by its synopsis which runs as follows: Act 1.—At the gate. The first apparition of old Glenarm. The mysterious shot. Act 2.—Room in the House of a Thousand Candles. The unknown and unlooked for. The declaration of Bates. Act 3.—The door of bewilderment. The attack on the mysterious house. The ghost of old Glenarm. Act 4.—The gate again. The joke that was on Pickering.

## EXPERIMENTS IN FEATHERS

Molting Process With the Domestic Fowls Continues Longer Than is Generally Supposed.

It is variously asserted that the time required for the growth of a body feather on a healthy fowl is approximately 42 days, while the time needed to develop the tail is somewhat longer. This refers to plucked feathers. The usual molting period of a hen cannot, however, be accurately calculated from this estimate. In the experiment under consideration the average time of complete molting in the six flocks, containing at the end of the molting season 215 hens, was 95 days. The average time required to complete the molt of the three-year-olds was nearly 104 days; of the two-year-olds, about 101 days, and of the one-year-olds, 82 days. The starved one-year-olds averaged to molt more quickly by 30 days than did the fed; the starved two-year-olds were little affected, while the starved three-year-olds were little affected, while the starved three-year-olds averaged 90 days longer in molting than did the fed birds. The average time required to complete the molt of the three starved flocks was 93.8 days; of the three fed flocks, 97.4 days.

All this would indicate that the molting process continues much longer than is usually supposed and that there is considerable variation in the time of beginning the molt between different individuals and between flocks of different ages, also wide variation in the length of time it requires individuals to complete the molt. One is further impressed with the fact that, so far as his experiment is concerned, the method of feeding did not materially alter the normal conditions of molting, except with the one-year-old fowls.

## PRESERVING MEAT.

A dry-air process of preserving meat seems to promise to supersede both the freezing and the chilling methods. Recent experiments at Sydney, Australia, brought auspicious results. The period of treatment was about fourteen hours, during which carcasses of sheep and lambs, dressed as quickly as possible, were reduced in bags and hung in chambers from the air of which all moisture was taken. It was then sent to Wellington, N. Z., in the ordinary vegetable hatch on the deck of the vessel, and after a voyage of 15 days was sound, sweet and hard. The inventor claims that sheep can be reared at a cost of one cent each.

## PHILOSOPHICAL REFLECTION.

One reason why we grow more gentle with age—when we do—is that the years themselves bring authority to whom authority belongs, and the need of violence is lessened. The young, when they strive to make their will prevail, have to use force enough to offset the weight of years that is opposed to them. That weight their elders have at their backs to aid them in getting their way.

Another reason is that in age we want fewer things, and want them less, and want what we want less for ourselves and more for the next generation.—Life.

## POCKET KNIFE

Aids James W. Hackett to Break Jail at Frankfort.

Cared his way to liberty with a pocket knife. That is what James W. Hackett did last week at Frankfort. He was confined in the Franklin county jail and under indictment on the charge of horse stealing. He was the only prisoner left on the second floor of the jail and he did all the escape work by himself. The bar that holds the iron grating door at the head of the stairway is held in place by bolts that run through the wooden partition. Hackett took his pocket knife and dug the wood from around the head of these bolts and then pried the top part of the door open wide enough to permit him to go through. When he reached the jail office on the first floor he found the outer door locked. This door has two long panes of glass in it and he used his knife again to carefully and noiselessly take one of the panes out. He crawled through this narrow opening and left for parts unknown.

Hackett left the following letter to John Lucas, stuck in his cell door:

"Well, John, I guess you will be surprised when you call me for breakfast in the morning. I hate to treat you so, but I have to go. I haven't got a dollar on earth to pay my lawyer with, to get my witnesses here for my trial, and if I don't get them here they will send me to the pen, and I am not guilty of the crime. If I was I would plead guilty and go on with the least limit. Now, John, don't think hard of me, for I like you as well as any man I ever met, but you know that I haven't got any chance to come clear unless I get some money. Now you need no put out any reward for me, for I will come back just as soon as I get everything straightened out and you will save your money if they catch me, but I don't think they will do that, for I won't be in the State when the sun goes down tomorrow. I will write you right away, but I shan't tell you where I am at. I thank you and your pa for the kindness you have shown me while I was with you, and furthermore I will always remain your faithful friend. Good night."

JAMES W. HACKETT.

## BLACK MAN

To Be Made An Assistant Attorney General.

In a final effort to bring into line the negro voters in Indiana, Ohio and New York, President Taft has decided to appoint a negro, William Lewis, of Boston, as one of the Assistant Attorneys General of the Department of Justice. There are five such places, each paying \$5,000 annually. Reports from the three States are to the effect that this year the negro voter is not so enthusiastically in line for the ticket as he has been heretofore.

There have been numerous negro meetings in several States as well as in the District of Columbia, in which resolutions were drawn against the Administration. Commencing with the attitude of the Republican national convention in 1908, the negro has received practically nothing from the Republican party and especially among the Republicans of the South has it been heralded that the Republican party was to be made a "white man's party."

## A ROOSEVELT FIND.

Now that the G. O. P. finds itself in the worst possible shape, the President decides to do out a big office to the race in the hope that all of them can be brought in line. Lewis is the assistant to the District Attorney in Boston.

He was appointed by Roosevelt. The Colonel, when President, heard of Lewis' prowess as a foot ball player and general prominence as an athlete. Lewis was then a student at Harvard. About the same time the President was appointing negroes to offices in the South, and concluded it would be a stroke of non-sectionalism and would allay criticism to pick up some negro and give him a northern berth. Lewis, with his Jack Johnson proclivities, strongly appealed to him, and was made Assistant District Attorney. It was reported at the time that he was invited by Roosevelt to be a White House guest for a few days, but following shortly after the Booker Washington dinner, which caused such a rumpus, it could not be confirmed, and so far as known, the invitation was withdrawn.

Subscribers will confer a great favor by promptly renewing without making it necessary for us to send out statements. Postage is about an item of expense where a number of subscribers are involved. There is not much margin of profit in publishing a country weekly paper at only \$1.00 a year; in fact most weekly papers are getting \$1.50 to \$2.00 per year.

We, therefore, will highly appreciate promptness in renewing and remitting for past due subscriptions. The date following your name on the wrapper or on the margin of the first page of your paper indicates the time to which your subscription has been paid. For instance, "Jan 11" means that your subscription is paid to the first day of January, 1911, and "Jan 10" means that you owe for the paper from the first day of January, 1910; and so with any month or date that may follow your name.

Prompt attention to this matter will be highly appreciated.

## NOTICE OF SALE OF TELEPHONE FRANCHISE

In pursuance of the foregoing resolutions, adopted by the Fiscal Court of Montgomery County, at a meeting held on October 11, 1910, the undersigned Sheriff of Montgomery County, or one of his deputies, will, at the hour of 10 o'clock a. m., on Monday, November 14, 1910, at the Court House door in Mt. Sterling, Ky., offer at public sale, to the highest and best bidder, at public outcry, the telephone franchise mentioned in the following resolutions, to-wit:

Be it resolved by the Fiscal Court of Montgomery County, Ky., as follows:

First, That a franchise for the period of nineteen (19) years from the date of sale hereunder, to erect, operate and maintain a telephone system with all necessary appurtenances and equipments in the County of Montgomery, be sold at the Court House door in Mt. Sterling, Ky., at the hour of 10 o'clock a. m., on Monday, November 14, 1910, to the highest and best bidder, at public outcry, and after due advertisement as hereinafter provided.

Second, That said sale shall be conducted by the Sheriff of Montgomery County, or one of his deputies, and shall be advertised for at least four (4) weeks in any of the weekly papers of the City of Mt. Sterling, he shall accept the highest bid made at said sale and

report his acts hereunder at the first regular term of this Court held thereafter, or meeting called for the purpose of considering said bid. The Fiscal Court reserves the right to accept or reject any and all bids so reported and to again advertise this franchise for sale as it may deem advisable, until a bid is finally accepted. When any such bid is accepted, the sale shall be deemed finally closed and this franchise shall then become and be the contract by and between the County of Montgomery and the person or corporation whose bid has been so accepted and the said purchaser shall then own, hold and enjoy the said franchise unto him or his assigns for the term of nineteen (19) years from the date of sale, together with the following privileges:

Third, The purchaser whose bid is so accepted shall be hereafter referred to as the purchaser and he or his assigns shall have the right hereunder to erect, acquire, construct, install, operate and maintain, during the life of this franchise, a telephone exchange and system to carry on and do a general telephone, toll and exchange business in Montgomery County, Kentucky, and shall have the right to erect, maintain and operate the necessary and proper poles, subways, manholes, wires, cable, conduits, guys, braces and all other necessary and proper apparatus or equipments appurtenant to or used in connection with said telephone system, on, over, along, across, in and under all the pikes, roads and highways of Montgomery County, Ky., over which the Fiscal Court of said County has control, and to make such additions and extensions thereto from time to time as may be necessary or most convenient; it is provided, however, that all such work when done, and when any change is made in any work that has been done, it shall be under the direction and supervision of the Supervisor of Turnpikes, as to the fixing of the location of any of such parts of said telephone system; and provided further that the Fiscal Court may, upon reasonable notice to owner or operator order any reasonable change or modification of such work or the removal of any pole, if such owner or operator fail or refuse to perform the conditions of said notice within a reasonable time, the county may have it done at the expense of said owner or operator.

Fourth, That the owner or operator of said franchise, unless said owner or operator purchases this franchise has already in operation a full metallic system, such owner or operator shall, within six months from the date of said sale, begin in good faith to construct a new "full metallic" telephone system; and the apparatus, instruments, switch-boards, appliances and equipments of said system, shall be of the best, most modern and improved multiple switch-board type, and all switch-boards shall be maintained during the period and existence of this franchise with the best practicable modern equipments, and the telephone service shall be first-class in all respects and continuous and unlimited for twenty-four (24) hours each day, during the life of said franchise, except interruptions from unavoidable causes; and shall have said telephone system above provided for installed and in operation within eighteen months from the date of sale. Should the owner or operator of said franchise fail to furnish during the period of said franchise first-class telephone service or such as is required under the provisions of this franchise, the Fiscal Court may, by appropriate order, take such action as may be necessary to have it done.

Fifth, When said system shall have been completed, the owner or operator of such system, shall have the right to charge each subscriber for said telephone service, not to exceed the following rates per month: For one party line 1 mile from Court House, \$1.75;

for parties living within 1 mile of Court House on one party line \$1.75, two party line \$1.60, four party line \$1.50 for each subscriber; 2 miles from Court House, one party line \$2.15, two party line \$1.90, four party line \$1.65 for each subscriber; 3 miles from Court House, one party line \$2.60, two party line \$2.15, four party line \$1.75 for each subscriber; 4 miles from Court House, one party line \$3.00, two party line \$2.40, four party line \$1.85 for each subscriber; five miles from Court House, one party line \$3.40, two party line \$2.65, four party line \$1.90 for each subscriber; six miles from Court House, one party line \$3.85, two party line \$2.90, four party line \$2.00 for each subscriber; seven miles from Court House, one party line \$4.25, two party line \$3.15, four party line \$2.15 for each subscriber; eight miles from Court House, one party line \$4.65, two party line \$3.40, four party line \$2.35 for each subscriber; nine miles from Court House, one party line \$5.00, two party line \$3.65, four party line \$2.50 for each subscriber; ten miles from Court House, one party line \$5.30, two party line \$3.90, four party line \$2.65 for each subscriber; and it is further provided that a rate not exceeding \$1.50 per month shall be allowed to subscribers desiring the same, which shall only be on an eight party line, but the owner of this franchise shall not be required to furnish service at this rate on an eight party line until it is able to once secure as many as five (5) subscribers on such line, which parties shall be made up on the pike or its tributaries, along which such line may extend. All subscribers living outside of the City limits or within one mile of the Court House will pay at the one mile rate. The above rate shall be payable by the subscribers monthly in advance as hereinafter provided, which shall entitle such subscriber to talk to any other subscriber of said system living in said County.

Sixth, That in the collection of rentals for the use of its instruments, the owner or operator of said franchise shall have the right to require three (3) months to be paid in advance when the instrument is first put in, and after the expiration of said three months shall only have the right to require the payment for the rental or use of its instruments one month at a time, in advance.

Seventh, The purchaser or his assigns shall install and maintain free of charge three individual metallic circuit long distance telephone lines in the Court House at Mt. Sterling, Ky., at such places as the Fiscal Court may direct, and for which no rental charges shall be made, but which shall not include free toll service beyond the limits of Montgomery County.

Eighth, This franchise and contract is assignable by the purchaser, but the person, firm or corporation receiving same, if assigned, shall be bound by all its terms and conditions, and be considered and held as if the same had been originally purchased by such assignee, provided, however, that this franchise is not to be assigned to any one who is not responsible.

Ninth, If this franchise is purchased by one who has not at the time of said purchase in operation in the county a telephone system such purchaser shall execute to the Fiscal Court a bond in the sum of FIVE THOUSAND (\$5,000.00) DOLLARS, to be approved by the Fiscal Court and payable to Montgomery County, Kentucky. Conditions that such purchaser will begin the building of said telephone system and complete the same in the manner and within the time as prescribed by Sec. 4 hereof, and further conditioned to indemnify said county against any loss or damage which may accrue to said county on account of any negligence or wrongful act or omission of such owner or operator of said franchise. If this franchise is purchased by one operat-

ing a telephone system in said county then said bond shall be conditioned to indemnify said county against any loss or damage which may accrue to said county on account of any negligence or wrongful act or omission of such owner or operator of said franchise.

Tenth, This shall not be construed to be an exclusive franchise in any way.

W. F. CROOKS, Sheriff of Montgomery County.

### Seed Corn.

Now is the time to gather your seed corn, that is if you have well bred corn of some standard variety, such as Boone County, White or Reid's Yellow Dent, which grow best and mature perfectly in our soil and climate. It should be mixed with any other kind of corn, for mixed corn will not breed on uniformly.

But you can not select it well unless you know the standard of perfection of the respective variety you are growing, and which is adopted in this State by the Kentucky Corn Growers' Association, KENTUCKY CORN GROWERS' ASSOCIATION SCORE CARD.

Below is given the score card which will be used by the Kentucky Corn Growers' Association in judging exhibits at the Corn Show which will be held at the College of Agriculture, Lexington, Ky., January 3-6, 1911.

Corn for exhibit should be selected as soon as it is thoroughly matured. It should be husked and hung up in a dry, well ventilated place where it will be safe from mice and weevil.

Each exhibit will consist of ten ears, unless otherwise specified. The corn should be selected to conform as nearly as possible to the points on the score card.

Every exhibitor is required to take membership in the association. The membership fee is 50c per year and will entitle the member to exhibit in all classes. However, boys under eighteen years of age may exhibit free of charge.

The five best samples in the various classes will be eligible for exhibit at the National Corn Show. No corn will be admitted to the National Show that has not been exhibited at the State Show. Kentucky did not have enough corn at the National Show last year to take all the premiums offered. Let your farmer who is interested in Kentucky's corn crop become a member of Kentucky Corn Growers' Association and make an exhibit. The premium list will be issued soon. If you are interested, save your best corn and send your name to George Roberts, Secretary, Lexington, Ky., and receive a premium list when they come out.

## HOW TO CURE STAGE FRIGHT

Dr. Pierre Bonnier Says Remedy is to Have Nerve Burned Out of Nose.

At the climax of their careers some stars still feel stage fright, but no one need ever know that sensation any more. Dr. Pierre Bonnier has found a complete cure for it. Indeed, the cure sounds quackish, radical, and even violent, but those who have felt stage fright say that they would give their eyes to be rid of it. According to Doctor Bonnier they need only give a portion of their noses. He has observed that stage fright is due to contractions of the diaphragm. Now the muscles of the latter are somehow connected with a facial nerve which runs up through the nose. The remedy is, therefore, obvious. You have the nerve in question burned out of your nose, and you are ever after as bold as brass before the footlights. With out ever having acted in your life you play Hamlet before an audience of dramatic critics without turning a hair. Incidentally the removal of the nerve mentioned also cures neuralgia. But Doctor Bonnier does not say whether it may not spoil one's nose. That would be a heavy price for actors and actresses to pay even to be cured of stage fright. On the other hand, some noses might look even better without the facial nerve than with it, and the cure would thus be doubly beneficial.—Paris Correspondent, London Standard.

### NOT SO, AFTER ALL

"She married him to reform him," "How foolish!" "Oh, I don't know. He has lots of money."

### FOR HAPPINESS.

The woman who makes the best of things is generally the happiest of women. A sunny nature counts for much, and goes a long way towards compensating for lack of wealth. There are scores of individuals who, though richly endowed with the goods of this world, are nevertheless discontented, by reason of their naturally dependent, pessimistic natures, and their desire for the unattainable. We see such cases over and over again, and are equally familiar with the cheerful spirit that, though nursed by misfortune, remains hopeful to the end. It is a great thing to be blessed with a cheerful nature, and see the silver lining rather than the cloud, to appreciate simple joys and privileges, and make the most of the good things that befall rather than magnify the worst.

### EMOTIONS ARE BROMIDES.

"You say here," said the magazine editor to the coming novelist, "that the heroine 'took one stumbling step toward him and collapsed at his feet.' What was the matter with her?" "Why," replied the author, "she was overcome by her emotions." The editor shook his head.

"That's pretty blamed trite," he said, "Better make him sit and cut out the emotions—and have her overcome by her holdie skirt."

### FELLOW FEELING.

Knicker—Does his auto smoke? Bocker—Yes; but he hates to make it stop till after he is married.—Harper's Bazar.

### A WINGED TRIDE.

"My ancestors came over in the Mayflower."

"That's nothing; my father descended from an aeroplane."—Life.

### THE NEW STYLE.

"The chicken dancer appears to be starting with this 'Chanticleer'?" "Yes, its success is eggng other authors on."

## A HELPING HAND

Is Gladly Extended by a Mt. Sterling Citizen.

There are many enthusiastic citizens in Mt. Sterling, Ky., who tell their experience for the public good. Testimony from such a source is the best of evidence, and will prove a "helping hand" to scores of readers. Read the following statement:

Mrs. Mary Hinson, 21 Strother St., Mt. Sterling, Ky., says: "I believe that if I had not used Doan's Kidney Pills I would not be living to-day. My health was very poor and two of our best physicians stated that I had diabetes and could not expect to recover. They gave me a year to prepare for my sad fate. The kidney secretions were very unnatural and contained sediment and at times my body bled. I was nervous and suffered severely from headaches and dizzy spells. Spots floated before my eyes and I often had to grasp something for support. My back was also very weak and I could not stoop to button my shoes in fact, could hardly get around. I was so much impressed by a testimonial given in favor of Doan's Kidney Pills that I decided to try them and procured a box at Doan's Drug Store. They gave me immediate relief and I continued taking them until I was in good health. I have but little trouble from my kidneys now and for that reason recommend Doan's Kidney Pills highly."

For sale by all dealers. Price 50 cents. Foster-McBroom Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other. 1734

"Lame Leg Well"

"I wish to say that I have used Sloan's Liniment on a lame leg that has given me much trouble for months. It was so bad that I couldn't walk sometimes for a week. I tried doctors' medicine and had a rubber bandage for my leg, and bought everything that I heard of, but they all did me no good, until at last I was persuaded to try Sloan's Liniment. The first application helped it, and in two weeks my leg was well."—A. L. HUNTER, of Hunter, Ala.

## How To Stop Stubborn Cough

We don't mean just stop the irritation in your throat—but cure the underlying cause.

Cough syrups cannot do this. It takes a constitutional tonic body builder to do the work properly—and cure you to stay cured. Vinol is the remedy you need.

HERE IS PROOF  
Mrs. Minnie Osgood, of Cleveland Falls, N. Y., writes—"After trying several remedies for a bad cough and cold without benefit, I was asked to try Vinol. It worked like magic. It cured my cold and cough and regained in health and strength. I consider Vinol the most wonderful tonic and invigorator I ever saw."

If we cannot stop that cough with VINOL—our delicious cold liver and iron tonic—which is made without oil—we will not charge you a cent for the medicine you buy. This seems like a pretty fair proposition—and ought to be accepted. Don't you think so? With this understanding we ask you to try a bottle of VINOL.
